A HIGHER EDUCATION IN FRANCE:

French universities organise their courses over 3, 5 and 8 years, awarding Bachelor's Degrees (licence, L), Master's Degrees (M) and Ph.D Degrees (doctorat, D) respectively.

For all degrees, the tuition is split into terms/semesters (one student can complete 2 terms/semesters per academic year), each one corresponding to 30 credits, which can be accumulated or transferred within France and Europe.

3 ADMINISTRATIVE PROCEDURES

A APPLYING FOR ADMISSION: FORMALITIES TO BE COMPLETED BEFORE YOU TRAVEL TO FRANCE

The formalities to be completed in order to come and study in France are decided nationally. You should start preparing for your stay well in advance.

You must be able to understand the French language.
Most teaching and examinations will be in French. Find out from the university of your choice the language level required (and what evidence you must provide)
+ France Education International <https://www.france-education-international.fr/>

If you are coming as part of an **exchange programme**, e.g. ERASMUS+, the BCI's PEE programme (the Quebec Student Exchange Program run by the *Bureau de coopération interuniversitaire*), you should ask your home university. They should find out this information from your host university.

If you are **registering individually**: procedures vary depending on your home country (EU or non-EU), the type of institution (university, school, IUT, etc.), the type of course (languages, medicine, etc.) and the level of access (Bachelor's degree (Licence)/Master's degree (Master)/Ph.D (Doctorat)).

The main procedures to be completed before admission are to submit an application for admission and to obtain a visa.

FIRST YEAR OF BACHELOR'S DEGREE AND PASS AND LAS

Warning: applications MUST be submitted by the required deadline
To apply for the first year of a Bachelor's Degree, there are two possibilities:

If you live abroad

- International students living in a country with the CEF procedure
- There is a mandatory procedure for applying online for admission (DAP procedure) on the website of the Centre pour les Etudes en France (CEF): www.campusfrance.org
This is a quick and simple process but you are required to pay a fee.
- International students living in a country without the CEF procedure
In countries where this procedure does not exist, you must complete an application form (DAP) for admission, at the cultural service of the French Embassy in the country where you live (white form).

- If you live in France: You must download the application form from the website of the Ministry of National Education (Ministère de l'Éducation nationale) (green form).
- Online, at the following address: www.enseignementsup-recherche.gouv.fr/cid24146/-dossier-vert-demande-d-admission-prealable-en-premiere-annee-de-licence.html
- On Google: search for *dossier vert*.

▶ OTHER YEARS OF STUDY

Warning: applications MUST be submitted by the required deadline

For other years of study, (Bachelor's 2nd year, Bachelor's 3rd year, Vocational Bachelor's, Master's 1st year, Master's 2nd year, IUT and engineering degrees), those living abroad (outside Europe) must follow the "Études en France" procedure. If your country does not have this system, you should apply direct to the establishment.

▶ PH.D STUDENTS AND ESTABLISHMENTS WITH SPECIAL ADMISSION PROCEDURES

Applications for admission should be made direct to the establishment concerned in the case of registration for:

- preparatory classes for the *grandes écoles*,
- the senior technicians section (in *lycées*),
- university postgraduate degrees,
- or any other specialist establishment and/or establishment that recruits by means of a competition or admissions panel or based on a qualification.

▶ OBTAINING A VISA

Admission to your chosen establishment will enable you to apply for a long-stay student visa.

▶ DEPOSIT AND RENTAL BOND

When you sign your rental agreement, you have to pay a deposit (*dépôt de garantie*). This is used to cover any instances where the tenant fails to meet his or her obligations (repair costs, etc.). This deposit must not exceed one month's rent excluding charges and must be repaid within two months of the keys being returned (for unfurnished rental properties).

⌘ Rental bond

To rent accommodation you also have to provide a rental bond, which is a document signed by a person living and working in France. This person acts as your guarantor by agreeing to pay any rent that you fail to pay.

If you pay several months' rent in advance, you should ALWAYS request a receipt from the landlord.

▶ HOUSING BENEFITS

APL (Aides Personnalisées au Logement) and ALS (Allocations de Logement à caractère Social) are types of housing benefit paid by the Caisse d'Allocations Familiales (CAF). Apply online,

Montpellier: www.caf.fr/allocataires/caf-de-l-herault/

You must take out multi-risk home insurance when renting an unfurnished property and this insurance is strongly recommended if you are renting furnished accommodation. This insurance covers you against the risks of fire, water damage, explosions, liability, theft, etc.

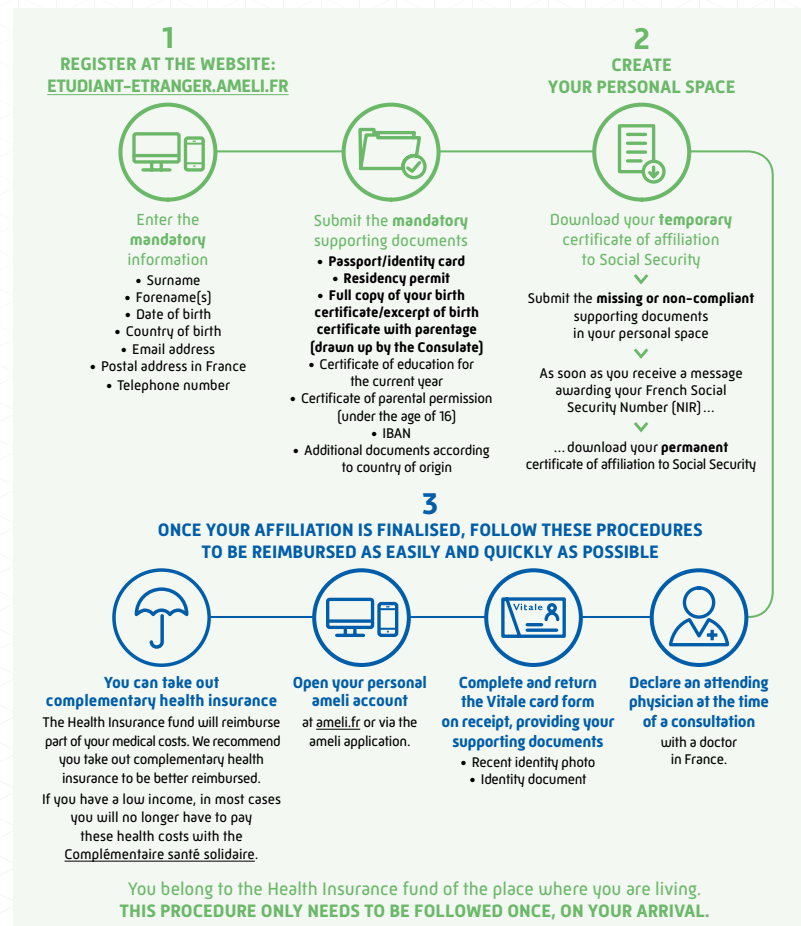

Besides the traditional insurers (insurance companies and mutuals), some banks also offer insurance at prices compatible with student means.

C BUDGET

► OBLIGATION OF RESOURCES

French law requires that international students demonstrate that they have sufficient resources to cover living costs of €615/per month.

The existence of these resources can be proven by:

- Evidence of grant award,
- A standing order from abroad (officially certified by the bank's stamp),
- Bank statements for the last three months showing the monthly payments (€615/month) or a stamped and signed bank statement dated in the last three months showing a credit balance equal to at least three months of the required resources.

The amount of €615 per month is a minimum. The first month can cost up to €1,800 (deposit for accommodation, insurance, mutual contribution, etc.).

The cost of registration at the university varies depending on the level of study: €170 for bachelor's degree courses, €243 for master's degree courses, €380 for Ph.Ds, €601 for students at schools of engineering (2022/2023 rates).

Student and Campus Services Contribution (CVEC)

Since the start of the 2018 academic year, all students doing their first course at a higher education institution have been required to obtain a certificate showing that they have paid their student and campus services contribution (CVEC), which is payable only once, regardless of the number of courses they take.
